### WARRANTY

Venmar Ventilation inc. warrants to the original consumer purchaser of its products that such products will be free from defects in material or workmanship for a period of five (5) years from the date of original purchase. This warranty includes in-home service for the first 90 days and workshop service for the remaining warranty time.

AVAILABLE AT:

# RANGE HOODS

## BLOWER

- Our motor is enveloped in acoustic insulation. This means that the noise level of the ROV35 Series range hood is less than 1 sone at normal speed. This range hood is among the quietest in its category.

## FILTERS

- Dishwasher-safe, full size micromesh filters - provide the best grease catching capacity and a stylish finish under the hood.

## CONTROL

HC0022

Oval electronic control.

- 5-minute delay switch, stops automatically the hood blower after 5 minutes of operation.
- Four ventilation speeds from quiet operation to high performance.
- Maintenance indicator, tells you when it is time to clean the filters.
- Bright cooktop lighting provided by 2 halogen lamps (not included), from nightlight intensity to full lighting.

## OPTIONS

- Available in 30" width.
- Offered in three popular appliance colors: White, Black and Stainless Steel.
- Charcoal filter units available, fit neatly above range hoods.
  - MOD30W for white 30" range hood.
  - MOD30B for black 30" range hood.
  - MOD30S for stainless steel 30" range hood.

## MAINTENANCE

- The blower wheel and the inlet ring can easily be removed without tool.
- The blower wheel, the inlet ring and the micromesh filters are dishwasher-safe.

HQ0003

- The inner face of the hood is protected by a Teflon® non-stick coating from DuPont® for a trouble-free cleaning.

## REQUIREMENTS AND STANDARDS

- Complies with the CSA C22.2 no. 113 Standard.
- Complies with UL 507 requirements.
